To Whom It May Concern:

It is with pleasure that I write this letter of recommendation for Pete Bambe and Cascade Design Group.

My first introduction to Pete was approximately 15 years ago. Since then we have worked on over 30 residential and commercial projects together. CDG has always exemplified a high degree of professionalism, creativity and technical proficiency. I consider Pete Bambe to be a critical and indispensable member of my team when working on design projects. CDG has repeatedly come through, for my firm, when we have had time constraints, without compromising quality and conscientiousness toward detail.

Pete Bambe and CDG are high quality, problem solving consulting engineers, who would be an asset to the successful completion of any design project.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce D. Martinak", with a large, stylized flourish at the end.

Bruce D. Martinak
President
